GREETINGS FROM THE MAYOR:

On behalf of City Council, I would like to extend sincere greetings to all Steveston businesses, residents and visitors.

Celebrating its 26th year of publication, *Steveston Villager Business Directory* does a tremendous job promoting Steveston businesses to its visitors and residents. The Villager continues to be a welcome and valuable resource for all who use it, and an integral part of the Steveston community.

One of Richmond's many gems, Steveston is a vibrant area with something to offer everyone. Both historic and picturesque, there are trails, dykes, natural parks and gardens, and a wide selection of amenities. Visitors and residents can stroll along the docks, purchase fresh seafood directly off the local fishermen's boats, enjoy the area's fine cuisine, visit a museum, or shop the unique galleries and boutiques. Visitors are often pleasantly surprised at the richness of offerings in this quaint seaside village.

As the summer approaches, we look forward to the changing season and the traditions that it brings. I invite you all to celebrate the annual Steveston Salmon Parade & Festival on Canada's birthday— July 1st. This is a celebration that the entire community of Steveston can participate and take pride in as it welcomes visitors from other parts of Richmond, the Lower Mainland, and the world.

Best wishes to all the contributors and users of the Summer 2012 issue of the *Steveston Villager Business Directory*.

Malcolm D. Brodie
Mayor

GROWING HEARTS, MINDS AND SOULS

Witnessing the educational and artistic journeys of our children is a truly amazing thing. The Arts Connection, in its 23rd year, has had the privilege of seeing many of young artists and minds pass through our doors. And in a world that embraces the value of self-expression, creativity and intellect, we have come to appreciate the constant and ever-growing need for exceptional educational and arts-related programs. This is why in September of 2012, The Arts Connection is expanding, and all our programs, existing and new, will be coming together and moving to its permanent home, a state-of-the-art 17,000 square foot facility, where we hope to educate and support hearts and minds, young and old, for generations to come.

Our aim is to provide a hub of educational and arts-related programs in one space, with a wide breadth of services that are important to the intellectual, artistic and emotional growth of our children, and to the social and health needs of our seniors. Our new facility will house Renaissance Kids, our exceptional early learning centre for children ages 18 months to 6 years old. Our new before-and-after school program will seek to fill the gap outside of school hours with an enriched schedule that includes a hot breakfast, transportation to and from school, yoga, dance, and visual arts. Our music and dance divisions will now have exciting opportunities for growth and our visual arts division will be invigorated by amazing new programs, such as photography and pottery, to name a few. The Arts Connection will also provide programs for seniors that allows for intergenerational experiences between our youngest and oldest students. We are also excited to bring a new facet to our programming that focuses on health and wellness which will include professional services such as speech pathology, behavioral therapy, and family counseling, as well an innovative fitness and health education program geared for young girls.

Much like the complete commitment, dedication and effort put in before a big concert, or a dance recital, we are working hard to build a facility to optimally serve our programs and students, where we will strive to build a community within our walls. We hope to fill it with the verve and spirit needed to make The Arts Connection a vibrant second home and we hope to see you there when the curtain rises.

Paul Ygartua is an international artist – an original creator producing remarkable work. He is a painter and muralist with bases in Canada, France, Spain and England.

Creation and interpretation is Paul's life. In painting he is at home in all mediums and his production is prodigious. A qualified gold and silversmith with a degree in design Paul turned to painting immediately after graduating from the Liverpool School of Art in Great Britain. His styles include Realism, Expressionism, Abstract Expressionism, Surrealism and Abstract Surrealism. His continuous study and work on techniques and painting mediums are apparent throughout his vast body of work – from his Heritage Series to his Celestialism (which shows the extent of his imagination– giving an insight to his more intimate work illustrating the workings of the mind and soul) to his current Abstract Expressionism and Abstract Surrealism. His most recent works provoke a response that is both physical and emotional. His application of colour and line enables Paul to capture the essence of the subject with a spontaneity unparalleled by many. His technique in colour is startling and impressive and his use of the pallet knife is bold and convincing. His monumental murals and domed ceiling have received international acclaim and the power of his achievement is appreciated and recognized by many collectors world - wide.

He is the creator of some of the most famous images in Canada such as his Heritage Series; which are instantly recognized by most Canadians and have been a part of the British Columbia identity for decades. He is also the architect of some of the largest murals in North America and Europe. His paintings are in public and private collections worldwide and are treasured for their intrinsic and real value.

World's largest mural painted by artist Paul Ygartua

In July of 2011, Paul Ygartua finished restoring the 'Legends of the Millennium' mural. It's on two continuous walls of the Beachcomber Building and measures over 9000 square feet! It is considered "one of metro Vancouver's most famous works of art...". Ygartua originally painted it in the year 2000. Then, as now, it was done singlehandedly with a brush...no graphs, no projections, no helpers. The American website AskART considers it probably the largest mural ever painted by a single artist. Video courtesy of Citytv Vancouver, July 4, 2011.

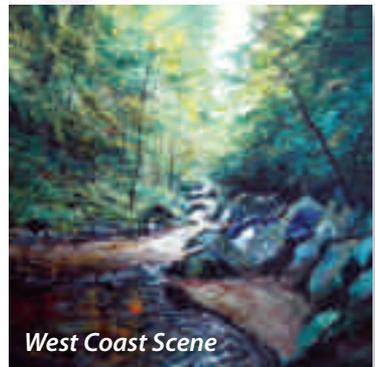

Wall Mural

His works are discussed in "Artists of British Columbia" (1986), by Derek Morys-Edge; "The Collector's Dictionary of Canadian Artists at Auction" (2001), by Anthony R. Westbridge and Diana L. Bodnar; "Famous" (2007), by Petru Russu; "Place Makers: Creating Public Art..." (2007), by Ronald Lee Fleming and Renata Von Tscherner; and "International Contemporary Masters Volume III" (2010), by Despina Tunberg. He is also the subject of the monograph "Primordial Chaos" (2008), by Carlo Cambi and Flora Rovigo.

- The Terracotta Warrior -

Jeanette Jarville has painted 2 7' tall Terra Cotta Warrior sculptures for The British Columbia Lions Society for Children with Disabilities / Easter Seals, this limited edition public art project will run from April 2012 to October 2012.

Jeanette is honoured to be participating in the Vancouver BC Lions Society art project to benefit charity. I have been sponsored to paint two of the limited edition 7' tall Terra Cotta Warrior sculptures for public display. One is sponsored by the generous Luding - Sekikawa Family of Richmond and is located in Historic Steveston Village, the other was sponsored by the amazing boutique airline Air North & is located in MacBride Museum, Whitehorse, Yukon Territory. Titles are : Treasure Map and Buried Treasure.

The official press unveiling of all the Warriors took place in the Dr. Sun Yat-Sen Gardens in Vancouver BC. The site of them all veiled was amazing! The black fabric was pulled down all at once to uncover them, very dramatic. A great public art exhibition.

WITH OUR OWN TWO HANDS

**Pinecones, Sticks,
Seedlings, and Worms:**
Engaging children in nature-
based play and exploration
by Heidi Jewell

PRESCHOOL AND LEARNING CENTRE

Children are natural little explorers. It is through their sense of wonder and curiosity that children come to discover and know the world around them. Young children have a natural desire to stick their hands in dirt, to collect leaves and flowers, and to search for and watch bugs and animals. One of the best opportunities we can offer children as parents and educators, is unpeopled time spent in nature, where children can discover and connect with the natural wonders around them. There is something essential and timeless about building a fort using logs and branches, watching a seed grow into a tomato plant, and making a mud pie. Although these opportunities are accessible and cost nothing or very little, they've been forgotten in today's technological and toy filled world. There is no shortage of plastic in most childcare settings and classrooms, yet natural elements such as wood, stones, plants, pinecones, pebbles, and shells, are rare. These natural elements are not only eco-friendly and cost-efficient, but they are also a way of bringing nature indoors and encourage creativity and imagination. Children can convert these natural elements into any toy or object. A stick is a versatile toy that can become a wand, a digger, a part of a building, and much more. It grows on trees, is found almost anywhere, comes in a variety of shapes and sizes, and is compostable. Rocks and pebbles can be used to practice counting, sorting, adding, subtracting and much more. Pinecones are a lot of fun to decorate and can be used as little dolls, bird feeders, and in open-ended play. Dirt is great for digging, making piles, making into mud soup and pie, and gardening. The amount and variety of natural elements for children to discover and play with is abundant. Spend this summer exploring nature and creating toys and games out of the natural elements you find on your day out.

ANAF 284 Opens New Unit In Steveston

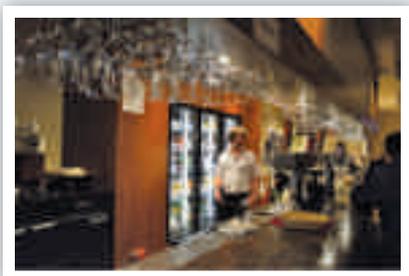

The Army, Navy and Air Force Unit 284 club opened its new clubhouse on June 29th, 2012. Members are impressed with the spacious digs, built adjacent to a new Seniors Housing Complex on the old site at 105 - 11900 No. 1 Road. The long wait is over for club members, who have been using temporary facilities since 2009, when the old building was taken down. A long time Steveston fixture, Unit 284 celebrated its 66th anniversary this year.

Army, Navy and Air Force Veterans “Shoulder to Shoulder” service since 1840 Incorporated in 1917 and extended by Acts of Parliament of Canada. In 1946, thirty Steveston area veterans approached the Army, Navy and Air Force Veterans in Canada to open a Veterans Club in Steveston. Now, in 2012 – you do not have to have a military service background in order to come out and help the ANAF with the community support it provides. Each year the ANAF gives thousands of dollars to community organizations. They also sponsor educational scholarships for local Richmond students to pursue their post-secondary education. If you are interested in helping, then become a member. Please drop by for a membership application.

When the new ANAF clubhouse rose from the ground, it brought with it the Maple Residence, a 144 unit seniors’ independent living facility.

WHY TEAK?

Teak/Jati/Tectona Grandis

Tectona grandis is the Latin name for TEAK, a hardwood of the family Verbenaceae.

Plantation grown teak trees can attain a height of up to 45cm [150ft] with a diameter of 1 - 1.5m [3 - 5ft]. It is ready for harvesting from around 50-60 years. If well maintained the tree can produce a clear stem of up to 30m in length giving a high timber yield. It produces a very large leaf similar to a tobacco leaf which is around 12" long and wide.
